

Rain Out Policy

Established by CSOA Southern Section

1:00 PM is the deadline time to check with the school to see if the game is being played. If they tell you to come and the game is eventually canceled, you are to receive ½ game fee. CIF - Southern Section has stated that once you are told to come and you are in route, you are to receive the ½ game fee. When you call, and are told to come to the school, be sure to talk to an adult and get their name and position.

If you are at the game and it starts to rain to a point where you need to temporarily stop the game, follow the procedure outlined in the Rain Delay Policy.

If the potential rainout is on the weekend, you will need to be monitoring your computer regularly. The assigner will be sending any cancellations via Arbiter, which means you will be receiving an email from Arbiter.
